

Athens, 6 July 2020

Opening ceremony in Athens Exchange for the Commencement of Trading Announcement of GEK TERNA Group Corporate Bond

Chairman and CEO of GEK TERNA Group, Mr. George Peristeris extends his gratitude

Good morning.

On behalf of GEK TERNA Group, I would like to express our warm thanks to all those who contributed to the truly great success of our bond issue, especially in this very special period. Let's not forget that this is the largest bond issue for the Greek market and the first after the public health crisis, which changed so many things in the lives of all of us.

In this context, I would like to thank the competent authorities of the Stock Exchange and the Hellenic Capital Market Commission for the excellent cooperation, our Advisors and Underwriters for the valuable support they offered us, all our employees within the Group who have been working hard for fifty years to get us where we are today, our executives who gave their best for the success of the bond issue and of course and above all the thousands of investors, private as well as institutional ones, that once again showed in practice how much they trust us.

We believe that this trust is our greatest success, the greatest reward and recognition for the hard work we put in every day and we are truly grateful that it is expressed over time. Thousands of people show their trust towards our Group by placing their savings and this is both fascinating and really moving. At the same time, however, it is for us a very big responsibility and a moral commitment for the future. We, for our part, are committed to continuing to work hard with all our strength and energy to meet the trust and expectations of the investors who support us, as well as the thousands of employees and partners.

Today, when our country needs it even more, we are committed to continuing to play a leading role along the way to build a better future for all Greeks:

By investing in pioneering projects of clean energy, infrastructure and concessions.

By creating tens of thousands of new jobs.

By protecting the environment.

By contributing to local communities.

**GEK TERNA S.A.**

85, Mesogeion Ave., Athens 11526, Greece, E: [info@gekterna.com](mailto:info@gekterna.com), P: +30 2106968000, F:+30 2106968098-99

GEK TERNA is one of the largest Greek Groups with a strong position in its fields of activity. At the same time, however, it is one of the largest investors in our country, as we implement or participate in investments of more than 4 billion, which will create more than 20,000 new jobs within the next five years. Investments with great domestic value added, which will play a leading role in our efforts to recover the country from the new crisis that we are called to manage, just as we also emerged from the great crisis of the last decade. We believe in our strengths and in the special abilities of the Greeks and as we do over time we will once again be present at the forefront so that the country soon turns the page for the benefit of all Greeks.

Thank you very much!
